DYNAMITER IS UNDER ARREST

George E. Davis Confesses that He Aided in McNamara Dynamiting Plot

MAN SOUGHT FOR 2 YEARS REVEALS NEW DETAILS

Harry Jones, Secretary of Iron Workers' Union, Arrested for Transporting Dynamite

NEW YORK, Oct. 2.—Following the arrest at the Hotel Breslin of George E. Davis, sought by federal agents for two years past, Assistant Federal District Attorney Wood has issued a printed statement saying that Davis was made a complete confession of his participation in the McNamara dynamiting conspiracy, revealing many new details in connection with the affair. The statement said that Davis admitted that he was a partner and co-worker of Orrie McNamara.

Davis really has been a prisoner for three weeks of Detective Foster of Louisville, who apprehended him in Pittsburgh. The two talked the dynamite cases over there then came here, Davis, according to Foster dictating his confession en route. On arriving here Foster communicated with the federal authorities. The confession was then elaborated upon. It implicates Harry Jones.

One of the sensational assertions credited to Davis is that he was selected as the head of an organization of fifteen dynamiters assigned to blow up every non-union building in the country they could find. He said the plan was conceived while the McNamaras were on trial. It was intended to convince the public that they were not dynamiters, as being in custody they could not of course be responsible for dynamiting occurring during the progress of their trials.

HARRY JONES, SUCCESSOR TO JAS. McNAMARA, ARRESTED

INDIANAPOLIS, Oct. 2.—Harry Jones, secretary of the International Association of Bridge and Structural Iron Workers, was arrested today charged with conspiring to transport explosives. This is the same charge whereon thirty-eight iron workers were convicted in Indianapolis recently.

Jones succeeded H. S. Hockin as secretary of the union, Hockin succeeding James McNamara, now serving a prison term for dynamiting the Los Angeles Times building.

McMANIGAL ADMITS BEING ACQUAINTED WITH DAVIS

LOS ANGELES, Oct. 2.—Orrie McNamara today admitted that he is acquainted with George E. Davis, said arrested in New York and said by federal officers to be connected with the McNamara dynamiting plot. He said: "Davis was on the executive board of the iron workers before my time. I think I saw him in the court room at Indianapolis during the trials of the men charged with illegal transportation of dynamite."

McManigal said he had met Harry Jones in New York and that Jones gave him directions how to get about town.

Detective Malcolm McClaren, who arrested McNamara, said George Davis' name appeared on the McNamara's books as having been paid \$1000, although the nature of the services were not set down.

McNAMARA'S INDIFFERENT TO NEWS OF ARRESTS

SAN QUENTIN, Oct. 2.—Neither of the McNamaras would discuss Jones' arrest. Warden Hoyle said neither showed any interest in the arrests. John McNamara said: "We have no interest in this affair, so what should we say about it?"

SENSATIONS NEAR SULZER TRIAL

Rumors Forecast Sulzer Defense as Claiming Money Given as Friendly Aid

ALBANY, Oct. 2.—When the Sulzer impeachment trial was resumed this afternoon the report current that several persons were to be on hand to deny having "approached" certain senators included in the membership of the impeachment court. Rumors were afloat that sensational disclosures were to be made.

It was reported that the defense was ready when the trial was resumed, to attempt to prove that Gov. Sulzer received money from certain persons who were his friends during the period of his own financial embarrassment, the money being given ostensibly as campaign funds although his friends understood that Sulzer might use it in any way he saw fit.

New Mummy for San Francisco Bohemian Club

SAN FRANCISCO, Oct. 2.—Jeremiah Lynch has arrived here on the liner Olympic bringing with him a new mummy for the Bohemian club. The famous old mummy Lynch presented to the club was destroyed in the great fire of 1906.

Lynch recently started for the Orient to gather another ancient relic. He predicted that the new member would soon replace the old one in the affections of the members. It has not been named.

A. WAGNER CHARGED WITH 16 MURDERS

Stuttgart Man is Murder Fiend Without Parallel in the Annals of Crime

BERLIN, Oct. 2.—Preparations were completed today for an early trial at Vaihingen, near Stuttgart, of A. Wagner, the wholesale murderer of Muhlhausen and Degehorch.

Wagner is charged with sixteen murders, including those of his wife and four children; nine attempted murders and seven cases of arson.

Wagner is a murder fiend without parallel in the annals of crime. On the night of September 5, he cut the throats of his wife and four children while sleeping, locked up the house, left a note on the door that the family had gone away, went to the village of Muhlhausen, set fire to several houses and with two automatic revolvers shot and killed ten and wounded nearly a score of persons as the villagers rushed out of their houses.

Wagner is a school teacher. He is a puzzle to physicians and psychologists alike. Medical authorities declare that he is sane and he himself declares vehemently that he was unbalanced when he committed the murders; on the contrary he declared that he had planned and contemplated them for months.

Wagner while school teacher in Muhlhausen betrayed a young girl and was compelled to marry her. Revenge for the "gossip about him" in connection with this affair is one of the reasons given by him for trying to "clean out the village." He shows no symptom of regret. When his hand, which was partly severed by an axe blow from an infuriated villager, was being taken off, he shouted "That is worse than murder. I did not hurt the people I killed half as badly."

JANE ADDAMS' CRITICISM
CHICAGO, Oct. 2.—Jane Addams, in Chicago today after an eight-weeks' stay in the east, criticized latter-day feminine attire as "immodest, indecent and unbecoming." Incidentally, she recommended as a part of the ideal Chicago gown the "ankle skirt."

U. S. OWNERSHIP SCION OF FAIR WIRE LINES PROPOSED

Postmaster General Burleson Favors Acquisition of Telegraph and Telephone Lines

REP. LEWIS TO INTRODUCE BILL FOR SAME PURPOSE

Success of Parcel Post Thought to Have Encouraged the Ownership Idea

WASHINGTON, Oct. 2.—Postmaster General Burleson is considering including in his next annual report a recommendation for government ownership of all telegraph and telephone lines. His ideas are similar to those contained in former Postmaster General Hitchcock's suggestions.

Congressman Lewis of Maryland, an expert on transportation and interstate commerce problems, today admitted that the government is studying the government ownership plan as applied to telephones and telegraphs. Respective of Postmaster General Burleson's decision, Lewis will soon introduce a bill providing for government acquisition of all communication systems.

He gathered much data in Europe where government ownership of these facilities is generally prevalent at one-seventh of the cost at which they are operated here. Just how and when the need was shown of this new phase of the old agitation for federal ownership and control of wire communications has not been disclosed. It appears, however, that it is a development of the idea underlying the parcel-post system, that has been emphasized in the minds of certain officials and legislators by investigations of the methods of telephone companies.

In its original form the establishment of a parcel-post system merely contemplated carrying comparatively light packages of merchandise through the mails. Recently, however, the weight limit of packages was extended for limited areas to twenty pounds, and postmaster-general Burleson is anxious to increase the weight limit to 100 pounds. The enthusiasm of some administration officials over the success of the parcel-post as a competitor of the express companies now finds expression in predictions that the government will control the express business of the country, which means that the companies will retire from the field.

SENATOR LODGE SAID TO BE NOW OUT OF DANGER

NAHANT, Mass., Oct. 2.—Danger of serious effects from the operation to which United States Senator Henry Cabot Lodge submitted last Friday for the removal of a gastric ulcer has passed, Dr. Francis B. Harrington announced last night. The time within which complications were feared expired today, Dr. Harrington said, and the senator now is able to sit up in bed. The doctor approved a statement given out last night by Mrs. Lodge, which said:

"Senator Lodge's condition continues good. His pulse and temperature are normal. The patient was able to take a little more nourishment today, which he seemed to relish."

ALFONSO'S LIFE IS THREATENED

Rumor of Planned Assassination When President Poincare Visits Madrid

PARIS, Oct. 2.—That anarchists in Spain are plotting against the life of King Alfonso at the time of the visit to Madrid of President Raymond Poincare early next month, is the report which was again heard today. Lavish plans are already under way to protect the two rulers as well as to insure the French President's safe passage from the France-Spain border to the capital.

It is pointed out that at the time of King Alfonso's visit to France this year, the French police aided by the Spanish authorities, dealt harshly with a number of Spanish anarchists arrested after a rumor of a plot to assassinate King Alfonso in Paris, and friends of these anarchists may choose to hold Poincare responsible. Ordinarily no greater precaution is taken here to protect President Poincare than there is in the United States to insure the safety of President Wilson. Like the American president, he seems such measures.

FAMILY IN TROUBLE

Young Herman Oelrichs is Charged With Stabbing Girl Ten Different Times

IS HALED IN COURT TO ACCOUNT FOR INJURIES

Mother of Youth Was Former Miss Teresa Fair of San Francisco

NEW YORK, Oct. 2.—Herman Oelrichs today appeared in magistrate's court to account for injuries received by Miss Lucille Singleton in his automobile Tuesday night. The case was postponed to October 7.

The police believe Oelrichs was personally in the car which Miss Singleton asserted when the man whom she knew as "Billy Craigborn," a Columbia student, stabbed her ten times because she demanded that he take her home. The girl is a music student, and is reputed to be the daughter of a wealthy mining man. Oelrichs is the son of the late Herman Oelrichs. His mother was formerly Miss Teresa Fair of San Francisco, Calif., of the famous Fair family of the Pacific Coast.

MOTHER MADE SON WAIT BAIL 2 HOURS AT MULBERRY STATION
Oelrichs was held at the Mulberry street station for two hours before the \$5000 bail bond was given by his mother, who came to the station pleading her New York residence as security.

WATER OF OWENS RIVER ON WAY TO GOAL

Enters Elizabeth Tunnel With Roar—Will Reach Fernando Cascades in 2 Weeks

LOS ANGELES, Oct. 2.—Owens river water was turned on at Fairmont reservoir gate tower at 11 o'clock yesterday morning. It passed into Elizabeth tunnel with a mighty roar, emerging at 1:35 o'clock over a fifty-foot fall, seven miles below. Last night the water was traveling at the rate of a mile an hour down the ravine toward Dry Canyon reservoir, which it will reach some time today.

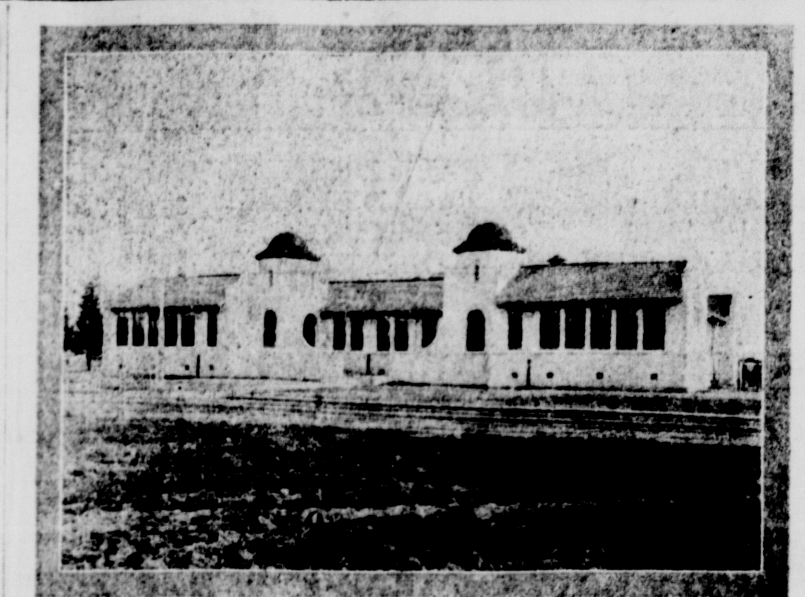

Mayor Rose and Councilman Betkouski went to Fairmont early yesterday morning with Engineer Mulholland to witness the turning in of the river water.

With a flow of eighty second feet Dry Canyon reservoir will be filled in about two weeks. From there it will require only two or three hours for it to get to the cascade at San Fernando reservoir, and the end of the aqueduct proper. The last stage of the water's long journey from the intake, nearly 250 miles above, will not be made until November 5, when those who attend the celebration of the completion of the aqueduct will be permitted to see the water emerge for the first time and come tumbling and sparkling down the 150-foot drop.

TARIFF WILL AID COTTON DECIDE MANUFACTURERS

ATLANTIC CITY, N. J., Oct. 2.—Informal discussion of the new Democratic tariff, and the effect it will have on the cotton manufacturing business of the United States was a prominent feature of today's closing session of the ninety-fifth meeting of the National Association of Cotton Manufacturers, which has been in convention since Tuesday. "The New Tariff and Foreign Competition" had been perhaps the most important subject formally discussed at the meetings, and today's formal discussion was a continuation of the formal consideration of the question. It seems to be generally believed that the new tariff would aid rather than retard cotton manufacturing activities.

SPURGEON SCHOOL, LESS THAN A YEAR OLD

SANTA ANA IMPROVEMENTS OF YEAR TOTAL \$846,986

In the last year, Santa Ana's building permits and municipal improvements represent \$846,986. This is an official figure, compiled by City Engineer and Building Inspector S. H. Finley as the annual report of the city of Santa Ana to the convention of Municipalities of California, which will meet at Venice. The showing is remarkable, and again the steady growth of Santa Ana is emphasized.

Col. Finley's detailed report covers a period from Oct. 1, 1912, to Oct. 1, 1913: Asphalt paving, 1.87 miles, \$45,000

Sidewalks, 4 miles, 9,129
Curbs, 5 miles, 5,280
Sewers, 16,080 feet, 6,432
Water works, 4 miles mains, meters, etc., 12,666
Water works, station, 8,635
Building permits, 701,853
Improvements to school property, 58,000
Total, \$846,986

The improvements to school property really reach \$225,000, but since \$167,000 for school buildings is counted once in the permits, the total of \$58,000 only is given.

JAPAN'S NOTE MAY CREATE ANXIETY

Believed Note Asks New Treaty—Wilson May Have to Define Position

WASHINGTON, Oct. 2.—No official word from the State department has been given out confirming the report that a note is en route from Japan asking for a new treaty granting the Japanese privileges now denied under the California anti-alien law, and pointing out that treaties should take precedence over state laws.

It is admitted that if these are the contents of the note an acute diplomatic situation may result, and it may be necessary for the administration to define its exact position regarding the rights of the Japanese. The state department was surprised to learn that Japan had dispatched another note on the anti-alien law situation, as the last note from Japan is yet unanswered owing to the absence of Counsellor John Bassett Moore, who has been on a month's vacation.

DECLINES SOCIALIST NOMINATION AS MAYOR

LONG BEACH, Oct. 2.—Miss Fanny Bixby, secretary of the Long Beach Socialist party, sister of George H. Bixby, recently tried in Los Angeles on a charge of contributing to the delinquency of a minor girl, and daughter of Jotham Bixby, a multi-millionaire, has declined the Socialist nomination for mayor of Long Beach. Miss Bixby, who has been prominent in juvenile court work here, refused to run because of a prospective absence from Long Beach.

BASEBALL CHIEFS ARE DISGRUNTLED

Managers McGraw and Mack Will Defy Fiat as to Players Writing for Press

NEW YORK, Oct. 2.—Manager McGraw of the New York Giants today voiced his defiance of the fiat of the National Commission that no players in the world's baseball series be permitted to write for the newspapers. His stand was announced following the receipt of a telegram from Manager Mack of the Athletics announcing that he had taken the same stand.

The National Commission has declared it will cancel the world's series after the first game if the players disregard its order not to contribute to the press.

CANAL LOCKS SHAKEN BY QUAKE

Canal Practically Unharmed by Shocks that Rocked Panama Zone Last Night

THOUSANDS POURED INTO STREETS IN QUAKE PANIC

Water Turned Into Culebra Cut Yesterday—Gambao Dike to be Destroyed Oct. 10

PANAMA, Oct. 2.—After a thorough examination of the Gatun Locks, which were wrenched last night, Lieutenant Colonel Siebert today announced that only nominal damage had been done by the earthquake shock occurring in the canal zone last night. The machinery is all unharmed. Col. Siebert said that "a superficial slide had resulted which can be removed in twelve hours." There was practically no damage elsewhere along the canal.

Midnight dispatches from Panama last night said that thousands of people were in the streets as the result of panic due to earthquakes. A slight shock was felt at 10:15 o'clock, followed by several prolonged shocks at 11:20 lasting twenty seconds, with intervals. The motion was from east to west. Buildings were heavily shaken and the alarmed occupants poured into the streets. Slight shocks continued. Owing to the darkness it is impossible to ascertain the damage. The motion was strong enough to wrench the canal lock gates. Col. Siebert is out inspecting at Gatun.

Reports from Colon say the shock there was violent. Culebra reports a heavy shock. The whole isthmus was shaken.

WATER IN CULEBRA CUT; OCTOBER 15 SET TO DESTROY GAMBOA DIKE

PANAMA, Oct. 2.—Water was let into the Culebra cut from Gatun lake through four 24-inch pipes under the Gamboa dike at 9 o'clock yesterday morning. At the present rate of flow the cut between the Cucaracha slide and the Gamboa dike, a distance of about five miles, will be filled to a depth of fifteen feet by October 10, the date set for the destruction of the Gamboa dike.

Since the suspension of steam shovel operations, the Cucaracha slide has extended completely across the cut to the 73-foot level, so that when the water is admitted to the probable lake level of 68 feet on October 10, it cannot pass this barrier. It is now proposed to ditch through the slide and the resulting rush of water is expected to carry away a large portion of the obstacle.

FIRST OF ALLEGED OPIUM SMUGGLING RING IS ON TRIAL

SAN FRANCISCO, Oct. 2.—The first one of the nine customs officials charged with conspiracy to smuggle opium was sent to trial today when Max Miller, an appointee recommended by President Taft, appeared before Federal Judge Dooling. Miller was arrested several weeks before the sensational exposure. He was traced through a Chinese who was seen to repeatedly leave his home.

"PHILLIES" WIN IN PROTESTED GAME GIVEN NEW YORK

NEW YORK, Oct. 2.—The "Phillies" won the play-off in the protested game of the play-off of the game protested at Philadelphia in the ninth inning when Umpire Brennan gave the game to New York because fans waved their coats in the bleachers. They resumed the play at the ninth inning where they left off, New York failing to score, and the "Phillies" accordingly winning by a score of 8 to 6.

January Exhibit

At the meeting of the directors of the Santa Ana Chamber of Commerce last night B. F. Kuechel and others representing the Orange County Bantam and Aviary Club asked the directors for financial support for giving a poultry show in Santa Ana for a week beginning Jan. 24. The directors were asked for \$50 cash, \$50 additional for trophies, and for a building or tent of 6,000 square feet in which to hold the show. The directors decided to give \$50 toward the show.

Nothing Doing
The Los Angeles Rate Association, which has started out to carry on a fight before the Railroad Commission to compel the P. E. to reduce its rates to suburban towns, asked the board for \$900 as Santa Ana's share in carrying on the fight, basing the request on population. The directors tabled the request.

NO MORE DUCK HUNTING UNTIL THE MORNING OF OCTOBER 15

The duck season was open for one day only, and the season is now closed until Oct. 15.

This is the last word on the opening day mix-up. Monday it was announced by the State Fish and Game Commission that there could be no hunting yesterday. That proved to be an error, for the federal law was not then in effect. The law became effective today, however, and duck shooting in California is now a matter of federal regulation, and the state law is now out of the running.

Yesterday there were hundreds of hunters in the lowlands. Road shooters did well, and duck club men reported fair hunting. Practically all of the clubs hunted. Some of them thought the season was closed and did not hunt.

The signature of the president to the proclamation puts into effect the regulations for the protection of migratory fowl as provided for in the agricultural appropriation bill passed at the last session of Congress, and drawn up under the direction of the Secretary of Agriculture by a commission of the Biological Survey, appointed for that purpose. The regulations are now in effect. The country is divided into two zones, No. 1, the northern, or breeding zone, and No. 2, the wintering zone, in which California is included. For California the regulations include the following provisions:

A daily closed season for all migratory game and insectivorous birds from sunset to sunrise.

A closed season on migratory insectivorous birds shall continue to December 31, 1913, and each year thereafter shall begin January 1 and continue to December 31, both dates inclusive.

A firetrap closed season to protect wood duck, band-tailed pigeons and some other varieties not common in California.

The open season in California is as follows: Water fowl, October 15 to February 1; rails, protected for five years; coot and shore birds, including blackbreasted and golden plover, jack snipe, greater and lesser yellow legs, October 15 to February 1; all other varieties of shore birds protected for five years.

It would not have happened in Santa Ana, where there are no saloons. While the marshal was taking the "disturber" away, another "wet" came into the tent and interrupted the speaker by yelling: "I bet you have taken a drink before!"

Attorney Keech said: "Don't arrest him, may be he is a good father and all right when he is sober."

By this time the audience was so excited that the speaker closed his address. Extra police arrived and will remain at the tent hereafter in order that out-of-town speakers will not be interrupted.

This is the first disturbance of any consequence that has occurred at the tent since the anti-saloon campaign.

The speaker stopped in his address until the crowd was quieted. He said:

NOT A SINGLE VOTE CAST AGAINST PLAN TO ESTABLISH LIBRARY

Yorba Linda accomplished the unheard of thing yesterday. It held an election and voted to increase its taxes. The remarkable feature of the election is that not one vote was cast against the proposal.

There must be a unanimity of spirit at Yorba Linda that ought to be a lesson to all other communities. The proposal was to establish a public library district, the property of the district to be taxed for establishing and maintaining a library. Placentia had election on an identical proposition about three weeks ago, and there were two or three votes against the measure. It was practically unanimous, and while the record made was excellent, it remained for Yorba Linda to furnish the real, unheard-of thing.

Yorba Linda carried the proposal by a vote of 62 to 0. If there was a single person in the district who opposed the plan, he did not have the nerve to go to the polls. The directors of the library will be Mrs. G. W. Corbett, H. P. Turner and Theo. Stanley.

Yorba Linda is one of the newest sections of the county, and nowhere is the change from dry, barren lands to thriving orchards emphasized more fully than at Yorba Linda.

VOLIVA PLANS CONQUEST OF WORLD

Will Begin in Middle West;
Brass Band and Ten Helpers
to Accompany Him

ZION CITY, Ill., Oct. 2.—Wilbur Glenn Voliva, successor to the late John Alexander Dowie as head of Zion City, styled by his followers "the center of the world," today completed his plans for a series of "world-conquering tours," designed to convert all the people of the earth to the Zionist cause.

Accompanied by a brass band and a double quartette from the famous white-robed choir, and armed with a box of phonographic reproductions of John Alexander Dowie's voice, Voliva and ten specially ordained workers will set out early in October on a trip through Illinois. Having toured this state, they will repeat the performance until every state in the middle west has been covered. Ultimately, Voliva said today, he expects to carry the gospel of Zion into every corner of the globe.

Voliva's recent victories over the pork-eating, tobacco-smoking "heathens" of Zion City have left him free to concentrate his efforts on the conversion of the world. The Dowies are now in absolute control of the city council, having removed the last two "heathens" councilmen three weeks ago, and all city ordinances, including that one forbidding anyone to smoke on the streets of Zion City are being vigorously enforced.

The present crusade, Dowie's successor announced today, will consume about two months. During that time every county in the state of Illinois will be visited by the Zion crusaders, who will travel by automobile. Meetings will be held in every city of 2,000 or more inhabitants. Voliva intends to talk personally to the crowds at these meetings, while his ten workers are canvassing the rural sections. Moving pictures of scenes in Zion City will be exhibited and the phonograph will be called upon to repeat the exhortations of the late John Alexander Dowie, "prophet," whose preachments have been religiously preserved.

Overseer Voliva is not ready to announce whether it is his intention to found any more Zionite communities, preferring to await results of his tour of conversion. His theory, however, is that Zion City must forever remain the "center of the universe" and that all the world's activities must radiate from it.

HE LOOKS OVER NINE BIDS ARE TWO SITES OFFERED RECEIVED FOR PAVING

Dr. Webber Inspected Property Proposed by Anaheim for Station

Anaheim Gazette: Another step toward the establishment of the state experiment station in a new location was taken Wednesday when Dr. Webber, head of the institution, accompanied by Walter M. Murtz, came down from Whittier to examine a site offered him through the Anaheim Board of Trade. Dr. Webber and Mr. Murtz arrived here Tuesday and spent the night with J. B. Neff at his walnut ranch southwest of town. The next day, accompanied by Mr. Neff, the doctor visited the ranch owned by Drs. Johnston and Houck, and another which has been offered, but refused to make public his ideas or convictions as to the desirability of the sites.

The state appropriated \$50,000 for the purchase of this site and a tract of two hundred acres is desired, but it is evident now that a tract of that size cannot be purchased for such a sum in the territory in which they wish to locate the experiment station, consequently a smaller acreage will be accepted.

Dr. Webber has already examined a number of tracts in the upper valley and while he makes no statement as to the result of his investigations it is understood that that region is practically out of the running because of unfavorable weather conditions and the great depth to water.

In a recent letter issued by Dr. Hunt dean of the College of Agriculture, he referred to the fact that the experiment station would deal with walnut culture, as well as other products of the soil which are not given much if any attention in the upper valley. This statement of Dr. Hunt would seem to eliminate a number of sections in the upper valley which have been making strenuous efforts during the year for location of the station in their localities. Added to this is the fact that well pits in the upper valley are sunk to a depth of 300 feet and a volume of only 25 to 35 inches of water raised. In and about Anaheim well pits are from 50 to 60 feet in depth, and many of the plants raise 150 inches of water. The one item of expense for lifting water in the upper valley would seem to put that locality out of serious consideration. Moreover, harmful effects of frost are much more in evidence there than in this coast section. It is confidently believed that if Dr. Webber is seeking a site for the station in the locality which has the least danger of frost, and where water is the most abundant and cheapest, he must ultimately decide in favor of this section.

The doctor and Mr. Murtz left for Whittier after viewing the site and little information as to their impressions could be obtained.

The Agricultural Experiment Station will eventually develop into one of the most important institutions of its kind in the United States, and should Anaheim be fortunate enough to land it, it will be a great benefit to this locality. A faculty of the most expert men in the world in their line of business will be maintained.

BALD AT 35

Cleanse the Scalp; Nourish the Hair and Never Grow Bald; Use Parisian Sage

Don't grow bald at 35 as thousands of men do—yes! and women also. Fail to keep the hair properly nourished and the scalp free from dandruff is one of the main causes of baldness.

If your hair is thinning out immediately action is necessary. Parisian Sage is just what you need to remove dandruff, stop falling hair and itching scalp and make the hair strong, beautiful and vigorous.

This delightful and refreshing hair-tonic, which is now sold at drugists, is rigidly guaranteed. If Parisian Sage does not give complete satisfaction Rowley Drug Co. will return your money.

Parisian Sage surely supplies hair needs. The first application removes dandruff, invigorates the scalp and puts life and beauty into thin, dull and faded hair.—Advertisement.

SAN BERNARDINO IS GIVING UP ROCK PILE

Today marks the last day for the rock pile in San Bernardino county's jail yards, says the Sun. Whether the misdemeanor prisoners will jubilate when they lay away their hammers tonight may be duly announced tomorrow, but tonight's coming they are through "making little ones out of big ones." How to handle the problem is giving the supervisors some occasion for study, and it was practically agreed yesterday that the entire membership of the board will go to Los Angeles next week to confer with supervisors of that county and investigate the results of road work by county prisoners. Originally, the suggestion was made that the prisoners would be used on the Mill Creek road, but that is to be contracted, and the work of prison labor on contract jobs seems out of the question.

Nearly All Concerned Want Road Near Anaheim Full Width

The State Highway Commission received nine bids for the construction of the state road along El Camino Real from Santa Ana to the county line in La Habra Valley. The contract has not yet been let.

The estimated cost of the work was \$62,239.89. The bids received ranged from \$56,946.30 to \$85,519.29. There is every reason to believe that the work of paving this main highway will be under way in a short time.

The plan to have the road between Anaheim and Fullerton paved to a width of about fifty feet seems to be certain of success. Twenty-seven out of twenty-nine property owners in the proposed improvement district, have signed up for the paving. The petition has been forwarded to the State Highway Commission, and if that body approves it an election will be held to vote the bonds. This proposed improvement will be done in conjunction with the state highway paving, thereby decreasing the cost to property owners very materially. The cost of the work will be in the neighborhood of \$35,000.

THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Beautify Your Hair! Make it Soft, Fluffy and Luxuriant

Try as you will, after an application of Danderine, you cannot find a single trace of dandruff or falling hair, and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you see new hair, fine and downy at first—yes, but really new hair—growing! Over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all.—Advertisement.

American Road Congress at Detroit Expects Big Sums for Road Building

DETROIT, Mich., Oct. 2.—Predictions that within five years the United States government will have appropriated large sums of money for the construction of thousands of miles of new roads and the repair of many of the most traveled roads now in use, were made by speakers today at the third annual American Road Congress which is being held under the auspices of the American Highway Association, the American Automobile Association and the Michigan State Good Roads Association. The present congress is the most important and largely attended of any previous one. The following auxiliary organizations are participating in the deliberations: National Association of Road Machinery and Material Manufacturers; American Bar Association (special committee); American Bankers' Association; Michigan State Good Roads Association; National Grange; National Old Trails Association; Lincoln Highway Association; Travelers Protective Association; Quebec Miami International Highway Association; Omaha, Lincoln, Denver, Good Roads Association;

THE FUTURE OF THE OLYMPIC GAMES

Many sour tears have been shed by the English press, since the Olympic games of 1912 at Stockholm, over the crushing defeat of the British team. American sporting methods have been attacked, for professionalism and the "anything to win" spirit. Even the yelling of our rosters, the badges they wore on their coats, the flags they waved in the breeze, looked crooked to these puritans of sport. Within a few days this feeling has culminated in a statement that England would probably not take part again, or at best would merely send a delegation to the Berlin games of 1916, and then retire for good.

Yet English sportsmen originated the idea of professional coaches in their cricket matches. If the English athletes would devote to track athletics a portion of the vast effort that is put into rowing, they could develop a very creditable, possibly a winning team. But that would seem to their inflexible minds like an attack on the national constitution. Cricket has absorbed the attention of many athletes—a lady-like, graceful game, suggestive of green lawns and afternoon tea, rather than the dust and heat of the race track.

This question of professionalism is a mighty hard one to handle. The college fellow who is helping himself to an education by industrious ball playing during the summer may be quite as fine a type as the wealthy young amateur who loafs on summer hotel piazzas during the intervals between college games. At the same time the amateur rule is a reasonable one, as the average college man will be discouraged from participating if he must meet the competition of those who are making it a business.

The Olympic games have a very fine aspect as a class leveller. When the hotel bellhop is associated in an enterprise equally with the millionaire's son, both learn things to their advantage. A similar advantage comes from the mingling of races and nations. England has always been a sporting nation. It is quite possible that the love of battle may yet drive away the sulks and lead the British cousins to stay in the Olympic circle.

WETS, WYLLIE LAW, DRY

(From the Anaheim Herald.)
The Wets, alias the Anaheim Taxpayers League, are very much worried about the character of the Wyllie Law (which they haven't learned yet how to spell). They call it "Janus-faced," "illogical," "absurd," and so on. And they seem to think the Drys of Anaheim are responsible for the law.

It was the legislature of California that passed the Wyllie Bill and the signature of our big governor that completed the work and made it the law of the state. The Law may not be perfect but it has some mighty good points, one of which is giving the people a chance to say what they want.

Hundreds of people of Anaheim, wishing to have the people decide whether or not liquor licenses

Extra Values at \$3, \$4, \$5
W. A. HUFF

should longer be granted in the city, initiated the campaign, under the law, just as they had a perfect right to do. Objections of the Wets at this stage of the case are overruled, being irrelevant and immaterial.

For a half century the people of Anaheim, through their constituted authorities, have been granting licenses, or privileges, to men to sell rum. Having no "inherent right" (U. S. Supreme Court) to so sell, these would-be saloon keepers were compelled to go to the authorities and get licenses. The world is moving and even Anaheim has been changing. Many of her citizens believe that a majority no longer favor saloons.

Let this fundamental fact burn in: The liquor men, as such, have no inherent rights. They are selling intoxicating drinks under special privileges heretofore granted them for a limited time.

The Drys have "inherent rights" as American citizens. The rum-sellers, as such, have no "inherent rights," but simply special privileges which the people have given them and have perfect right to withhold in the future.

Perhaps some Drys are not fully satisfied with the Wyllie Law, but wanting to settle a vexed question they took the means of doing so given them by the law-making power of the state.

Said law does not give the people of Anaheim, nor those of any other "unit" in the state, the right to vote on the question of manufacturing liquor from products grown in the state and selling them in quantities of two gallons or more.

But the law does allow the people to vote on the question of granting licenses to retail alcoholic liquors, by anyone, in quantities less than two gallons.

The saloon, where men congregate, treat each other, and drink to fearful excess, is the citadel of the liquor traffic. Take it, ye Drys of Anaheim, and the coming generation will rise up and bless you.

FRISCO SUB-TREASURY
LOOTED IN 1906 QUAKE

SAN FRANCISCO, Oct. 2.—Reports circulated at the time of the earthquake in 1906, that the sub-treasury here had been looted to the extent of \$2000 were verified here today by the filing of the inventory and appraisal of the estate of the late Lester Jacobs, whose father, the late Julius Jacobs, was treasurer. Jacobs made good the government's loss, but put in a claim for the return of the \$2000. He left the claim to his son, who leaves it to his heirs.

AGRICULTURAL DEPARTMENT
AIMS TO BE OF PRACTICAL
BENEFIT TO LOCAL RANCHERS

The agricultural department of the Polytechnic High School was established with the opening of the new high school on Monday, and with it there is established a department that aims to be of practical benefit to farmers and orchardists of this vicinity. G. Millage Montgomery, a graduate of the Oregon State Agricultural College, says that he wants the department, of which he is the head, to be a go-between for the farmers and state experimental stations. Any time a rancher has a problem that he wants information upon, that information will be given by the agricultural department, or if the information is not obtainable there the matter will be referred to the state experimental stations.

The two principal courses to be given in the department this year are agricultural botany and a study of soils.

Santa Ana is ideally located for an agricultural and horticultural school. The diversity of soils and crops in this vicinity is wonderful and unusual.

Prof. Montgomery expects to plant about ten acres of land of the Polytechnic High School grounds to some kinds of crops. Just what crops will be attempted this year has not been determined.

Prof. Montgomery has issued the following statement to the ranchers in and about Santa Ana:

"A department of agriculture has been established in the high school of Santa Ana, and together with this a department of extension for carrying on work among the ranchers.

"It is desirable that a co-operative study of any crop pests or diseases be made, both from a standpoint of aiding the growers and thus aiding the community and, second, as an aid to the students enrolled in agriculture, for they may thus study your troubles.

"Any correspondence from the ranchers will be gladly attended to and any aid that we can give to the growers we will gladly give.

"We desire to act as a medium between the ranchers and the state and government experiment stations. We are in position to get first hand information and advice on any agricultural question and will be only too glad to work in co-operation with any of the ranchers if they will notify us of desiring such work.

"In order to accomplish anything at all, it will be necessary for the ranchers to enter into this from a viewpoint of co-operation.

"A control of our diseases, and a general betterment of conditions is our aim.

"If some pest is troubling you, let us try and work it out and determine the trouble and a means of elimination.

"We would like to call upon the ranchers if they so desire and all ranchers are invited to visit our new department in room number 56, Science building, high school grounds.

Riverside County Fair
Promises Big Success

The closing of the County Fair entry lists on Tuesday of this week found almost every available foot of space in the seven large tents delightfully pledged. The response of the exhibitors from all parts of the county has surpassed the committee's wildest dreams. In recognition of the support thus promised and in anticipation of a record-breaking crowd the directors have contracted for free entertainment features costing nearly \$1000. The most thrilling of these free acts will be that of the daring Greggs, in which a rapidly moving auto is driven into the air by a cleverly constructed trap, a second auto running beneath it before it completes its mid-air loop.

The comfort of fair patrons will be carefully looked after. Ample rest room facilities will be offered the ladies, and nurses from the Arlington hospital will minister to the indisposed. Well-appointed picnic grounds will be found a convenience by family parties.

THE TRAFFIC

Wife of Mayor Asks Girls to see "The Traffic"

Sufficient agitation has been caused in police circles over the play called "The Traffic," which will be seen at the Grand Opera House on Oct. 5, to cause chiefs of police in each city presented to view the performance.

The chief of Los Angeles reported that he found nothing radically wrong

in "The Traffic." The same report was made by various other police officials who have viewed the show. Mrs. H. H. Rose, wife of the mayor of Los Angeles, visited the performance on behalf of her husband. Instead of condemning the play she praised it. Here are the various reports made on the performance:

Chief of Police C. E. Sebastian: "The Traffic" is true to life. In my experience as a policeman I have seen the play enacted in real life a score of times. Especially is this true among the foreign women who have been held prisoners in Los Angeles in the old days. Then look at the case of Leah Delmon, who slew her husband rather than be forced again to go through no worse horrors than are depicted in "The Traffic."

Lieutenant Captain William Murray, for many years in charge of the formerly unsavory part of Los Angeles, after seeing the play asserted that in his opinion it was "unmoral, taught no lesson and added no jot to human happiness. I found the show sordid and uninteresting. It was true to life—too true, I think. I can see no real reason for the play and life is too full of the morbid to have it depicted on the stage."

Mrs. H. H. Rose, wife of Mayor Rose of Los Angeles, said: "I think the play, 'The Traffic,' teaches a wonderful lesson. I believe that if every young girl in the city would see this play she would be directly benefited. She could not help guarding herself from temptations if she would see the consequences of yielding, painted so vividly. If every mother were to see the drama she would awaken to her responsibilities. She would take her daughters and sons and instruct them in the way they should go.

"I do not believe that there is any man who, after seeing 'The Traffic' would continue to live the life of shame or ever enter it. It should arouse every spark of real manhood."

METHODIST WOMEN
SOON TO ASSEMBLE

Pacific Branch M. E. Women's
Foreign Missions to Meet
in Los Angeles Oct. 7-10

The annual meeting of the Pacific branch of the Woman's Foreign Missionary Society of the Methodist Church will be held at First Church, Los Angeles, Oct. 7-10. A very large attendance is expected, delegates having been elected from two hundred and seventy-five auxiliary societies, covering the whole state of California and also Nevada and Arizona. There will be hundreds in attendance. A great feast of good things is expected. During the three days of the meeting Miss Charlotte T. Holman, Miss Celesta Easton and Mrs. L. A. Core from India; Mrs. M. C. Brown of China, Miss Alvina Robinson of Burmah, and Miss Frances Phelps of Japan will give addresses. On Thursday afternoon the silver anniversary of the organization of the society will be celebrated, many of the founders being present to tell about it.

All this with the three splendid evening programs promised will be a feast indeed. Twenty-five years ago this society was founded in Los Angeles, and today it is supporting eighteen missionaries on the field, and has two more under appointment, supports about sixty Bible women, several hundred scholars in the mission schools, has large hospital work, and many other things that cannot be named here. Working in twelve foreign countries and raising more than \$50,000 annually to the support of this work. Plan to attend all three days. Any further information may be had of Miss Margaret Allen, 614 McClay street, this city.

You should call at Gilbert's Millinery Department today. Something new here by daily express. Over 400 Trimmed Hats, all from our own work rooms. You should come and see the classiest hats ever shown at Gilbert's and you will be surprised how reasonable in price. Take elevator at Gilbert's.

PASTRY, VOTE WINNER

WASHINGTON, Oct. 2.—Suffragists used pie and salads of their own making yesterday as votes for women campaign arguments. Many Congressmen attended. Suffrage cake, from a recipe of Mrs. Britton, wife of the representative from Illinois, won many votes.

MEETING WAS ONE OF BEST

Missionary Women Discussed Egypt; Calling Contest Ends; Happy Social Hour

Yesterday afternoon over seventy of the United Presbyterian ladies and members of the missionary society met in the church parlors and held one of the most interesting meetings of the year. Large, beautiful chrysanthemums were used in the decorations. Mrs. J. E. Collins led the devotions. Mrs. Samson, the president of the society, had charge of the program and Mrs. D. L. Anderson, vice-president, presided.

The subject was "Egypt and the Sudan." Mrs. Steward gave an interesting account of the people of Egypt and Mrs. W. H. Stevenson gave an account of the Sudan. Mrs. Samson in a very interesting manner told of the work in these mission fields and used a map to locate the different missions. The story given was very practical and interesting.

The society has been holding a calling contest. The two captains were Miss Sarah Finley and Mrs. Harry Dean, and as yesterday was the day to decide the winners much interest was manifested. The losing side is to furnish a dinner or in some other way entertain the winning side. Each captain was anxious for her side to win, so after the count of points was made it was found that Miss Sarah Finley's side was the winner by a large majority. Each captain thanked the ladies for their support in this contest, which had resulted in many calls being made.

A very pleasant social hour followed during which delicious refreshments of ice cream and cake were served. The hostesses were Mrs. W. M. Smart, Mrs. Will Currie, Mrs. S. H. Finley and Mrs. Maggie Elsie. Those who assisted in serving were Misses Janet and Fanny Smart, Goldia Johnson and Gailene Finley.

Guild Meeting
The first meeting for the season for the Ladies' Guild of the Church of the Messiah was successfully held yesterday afternoon in the Guild room of the church. There was a large attendance of the members and some visitors were present. Several new members were taken into the society. Much attention is now centered on the bazaar to be held here the holidays, and a number of fancy work contributions made during the summer vacation by club members were

SEASON'S FIRST RECITAL

Misses Balcom and Deardorff Achieve Artistic Triumph in Opening Concert

The first musical event of the season 1913-1914 took place last night at the Temple theater, where a representative audience of Santa Ana music lovers heard Miss Irene Balcom, soprano, and Miss Ruth Deardorff, pianist, in a concert-recital of exceedingly high merit. If the occasion was a true indication of the excellence of succeeding musicals during the season, then Santa Ana may confidently look forward to a soul-fest of good things, for last night's concert was a pronounced artistic success. So varied was the program in character, both for singer and pianist, that it made one think of a gallery of paintings of various subjects by many artists, wherein theme and color scheme seem in each picture entirely different one from the other, and yet, after careful study of the whole, resolves into a perfect harmony.

Miss Balcom and Miss Deardorff are both well and favorably known in Santa Ana, where friends have watched their rapid progress in the musical world and their attainment to the "artist" rank with a keen sense of pleasure. Miss Deardorff has been heard several times in successful recital during the past two or three years, but Miss Balcom has but recently returned to her homeland after an absence of about four years, which has been spent in close study and teaching. She comes back with the evidence that the time has not been spent in vain.

Miss Balcom possesses a charming personality and sings with an ease and facility that at once places her upon an equal plane with many of the great singers of our time. She was the first to appear on last evening's program. In two songs by Matthews, "My Soul is Like a Garden Close," "A Song in Spring," and two by Schubert, "Who is Sylvia?" and "Hark, Hark, the Lark," in all four of these she showed the result of careful and artistic training. "Hark, Hark, the Lark" and "Who is Sylvia" (Schubert) bring out the clear, lyric quality, and in "My Soul is Like a Garden Close" giving in part a broad richness of the mezzo quality that is quite unusual in lyric sopranos of ordinary compass.

She was at her very best in the aria from "Madame Butterfly," her upper register being exquisitely sweet and full of sympathetic color. In this number she compares most favorably with Geraldine Farrar of the Metropolitan, or Alcega Duschelle of the Opera Comique, of Paris, both of whom have done such beautiful work in the title role of this opera. The little encore song, "Far, Far Away," was one of the gems of the evening. Her work was equally gratifying in the singing of numbers by Lassen and Paderewski and "Moszkowski's beautiful Slumber-song was rich with quiet expressiveness. "Twain April" was concluded with a happy brightness that served well to show Miss Balcom's versatility, she seeming equally at ease in English, French, German or Italian. She has good style and poise and is entirely free from the mannerisms which so frequently spoil the work of really good singers.

Miss Deardorff's artistic ability was also in decided evidence. She does not possess technique; she is technique—an artist in a decided sense of the word. Tone-color, precision, conscientious application and sympathetic interpretation of the composer's ideas, together with the blending in of personal characteristics that add much to the charm of her work—all combine to make her a delight to the most critical audience.

Miss Deardorff's performance of numbers by Mozart, Chopin and Liszt was brilliant, calling forth the spontaneous approval of her listeners, but in the group of Debussy compositions she showed her temperamental ability to a marked degree. In these numbers she lost herself in the various themes and the moods they inspired, painting her tone-pictures with a brush as fine as color. In "Clair de lune" one could almost see the elusive flashes of the moonbeams, as though through the trembling branches of a forest of maples on a lover's night ramble, when the rays glint here and there as though playing at "hide and seek."

Then came "A Day in Granada," evidently a fete day, with the early call of the trumpeters "come to the festival," the surging of the gay throngs through the narrow thoroughfares.

Those in the party were Mr. and Mrs. H. E. Finster, Mr. and Mrs. Victor Finster and daughter Lois, Mr. and Mrs. W. J. Cozad and family of six, Mr. and Mrs. Harvey Ellis and daughter Margaret, Mr. and Mrs. Glenn Breeding and son Harold, Mr. and Mrs. Leo Fallert, Mr. and Mrs. Charles Cozad and family of four, A. B. Cozad, Mr. and Mrs. H. H. Hillyard, Mr. and Mrs. D. E. Cozad and family, Mr. and Mrs. Fred Hoffman and son Roy, Mr. and Mrs. J. O. Economics Meeting

Opening the season for the second section of the Ebell Household Economics, a delightful and unique meeting was held yesterday at the home of Mrs. Harry Hanson, 412 Orange avenue. The subject for the afternoon was "Bulbs and Plants" and proved one of fascinating interest.

Mrs. Hansen spoke of the goodly number of ladies present on winter bulbs and plants, illustrating her talk with Carl Purdy's handsome catalogue. Purdy's gardens at Ukiah, California, are said to be the largest gardens of the kind in California. The catalogue was passed around among the ladies, who got much interesting information out of it.

Mrs. Hansen exhibited a rare flower known as the Dutchman's Pipe which grows in but two places in the United States, Santa Ana and San Diego. The Santa Ana plant is owned by Dr. Waffle and the specimen shown to the ladies yesterday was loaned by Mrs. Mark Lacy. The flower looked to be brownish-lavender or lavender.

Ready for Service Clothes

The most efficient tailoring organizations of the day are making ready-for-service clothes. The industry has grown to its present importance because of the fact that of all men 90 per cent are of normal physical build. A great majority of these men are too saving of time to allow an inexperienced man to take their measure, then to speculate for from one to three weeks on how a suit or overcoat, selected from a trifling piece of cloth, will look and fit.

Hirsch-Wickwire clothes are carefully and skillfully designed and tailored by as able masters of the craft as can be gathered. You men who have been disappointed in "tailor mades" will be agreeably surprised by slipping on one of our Hirsch-Wickwire coats.

Always Reliable

the shouts of the both criers and the enjoining habaneras (dance) as the populace finish their day of joyousness—all worked out in music almost oriental in character.

The last of this group by Debussy: "Cathedral enluite" was highly descriptive and possessed a fascinating weirdness. In the beginning it suggested the plaintive harmony of distant bells, as one might hear them on approaching a large city at high noon. From this the composer has worked to a climax of harmonious dissonance, if such a paradox may be conceived, like the clang and clamor of great bells and chimes from belfry towers, all flinging their metal songs upon a noise-racked air, which pulsates with almost explosive vibration. And then—gradually diminishing to the sweet and perfect harmony of distance as at first, as though the traveler had passed through the city—on, into the quiet country, leaving the turmoil and strife behind.

That the concert was thoroughly enjoyed by those in attendance was fully attested by the intense, quiet attention given to each number and the very warm praise of all when the program was finished.

Young Ladies Met

The members of two classes of the United Presbyterian Sunday school who have lately united in a society of which Miss Mabel McFadden is president met at the home of Miss Joella Gowsky last night. The young ladies discussed plans for Mission work and other plans for the future of the society.

There were about twenty-five young women present, and after the business session of the evening was ended, the hours were spent socially. Refreshments were served before the company separated.

Nebraska Reunion

A large number of Nebraska people who have located at various times in Santa Ana and vicinity met at the home of D. E. Cozad, three miles northeast of Santa Ana, last Tuesday evening for a reunion and to meet some new comers from the home state. The latter were here for the purpose of satisfying themselves as to the wonderful stories they had heard of California. Some of them were convinced that it is a good place to live and others, while pleased with the country, only promise that they will come again, perhaps to stay.

As a reunion, the event had its joyous features as well as those more saddening. Some of the party had been here for over thirty years and in that long period many changes have taken place that time alone can bring. Nevertheless the evening was a happy one and the hospitality of the Cozads will long be remembered.

Those in the party were Mr. and Mrs. H. E. Finster, Mr. and Mrs. Victor Finster and daughter Lois, Mr. and Mrs. W. J. Cozad and family of six, Mr. and Mrs. Harvey Ellis and daughter Margaret, Mr. and Mrs. Glenn Breeding and son Harold, Mr. and Mrs. Leo Fallert, Mr. and Mrs. Charles Cozad and family of four, A. B. Cozad, Mr. and Mrs. H. H. Hillyard, Mr. and Mrs. D. E. Cozad and family, Mr. and Mrs. Fred Hoffman and son Roy, Mr. and Mrs. J. O. McBurney and family of four, Mr. and Mrs. Fred Bushorn and son Rudolph of Los Angeles, Mr. and Mrs. Aug. Wilkins and daughter Amanda of Puente, Cal.; Mr. and Mrs. Robert Terry, Seward, Neb.; Mr. and Mrs. F. K. Watts and family, Harper, Cal.; Mr. and Mrs. H. B. Nash and family, Los Angeles; E. brown, whichever way one is inclined to take it. After a little talk on potted plants by Mrs. Hanson, magazines on the garden were distributed. Roll call was appropriate to the topic of the afternoon, each member responding with a hint or help on gardening.

Refreshments were in keeping, mouse being served in small flower pots with a fern leaf and chocolate cream adorning the center of each frozen dainty. Cake was served. Souvenirs of the occasion were passed in a basket, being packets of daffodil seed wrapped in yellow paper and tied with brown ribbon with a tiny hoe and rake caught in the ribbon bows. The committee in charge of yesterday's program were Mrs. Hanson, the hostess, assisted by Mrs. Russell Scott and Mrs. Mark Lacy.

Dollar Social Tomorrow

The Dollar Social of the Ladies' Aid Society of the First Presbyterian Church will be held at the home of Mrs. W. A. Zimmerman, 912 North Main street, Friday, October 3, at 2:30 p. m. All of the ladies of the congregation are very cordially invited and each lady is asked to be sure and be on time and not to forget her rhyme, nor to draw her dollar if she cannot earn it.

All the ladies look forward to a delightful afternoon, and later to a new kitchen and a larger dining room. It is hoped the coming year will be a banner year in the society for enthusiasm as well as for work.

Enjoyable Afternoon

The Helping Hand Society of the First Baptist Church met at the home of Mrs. H. H. Reeves, corner of Spurgeon and Seventeenth street, opening with Scripture reading by Mrs. Holbrook and prayer by Mrs. Wells.

After the business meeting the afternoon was spent in sewing carpet rags and fancy work. Tongues kept time with nimble fingers. Many new friends for the society were made welcome and after greetings the incoming officers served fruit jello and cake.

Woman's Alliance Social

Yesterday afternoon the ladies of the Woman's Alliance of the Unitarian church met at the home of Mrs. Charles H. Smith, 1238 West Third street, for the business of the Alliance and a social afternoon. Mrs. George Kroll presided. The ladies had their fancy work for the coming bazaar with them and as they discussed plans for the bazaar on November 3, they were busy on the pretty needlework.

The latter part of the afternoon was spent socially, the ladies chatting over their sewing. Before adjournment, dainty refreshments of tea and sandwiches, cake and ice cream, were served by the hostess, making a hospitable close for the pleasant afternoon.

WERE WEDDED MID FLOWERS

Miss Ina Ainsworth Became the
Bride of Carl A.
Schmidt

(By Staff Correspondent)
ORANGE, Oct. 2.—The wedding of Miss Ina L. Ainsworth to Mr. Carl A. Schmidt was a brilliant event of last evening, celebrated at the home of the bride's parents, Mr. and Mrs. M. O. Ainsworth, at 436 Chapman avenue. The ceremony took place at 8 o'clock in the presence of a large assemblage of local and out-of-town relatives and friends. Rev. C. C. Bentley of Ocean Park, formerly pastor of the First Christian church of this city, officiated.

To the strains of the wedding march played by the Misses Nellie Ainsworth and Ella Sutton, sister and cousin of the bride, the bridal couple walked slowly down the broad stairway, followed by the bride's niece,

Miss Melva Fletcher, as ring-bearer. The bride wore a canopy and background of ferns, the ring ceremony being used. The bride was attractively gowned in white, and carried a bouquet of roses. Congratulations followed the ceremony and later light refreshments of ice cream and cake were served. Late in the evening the bride and groom rode for their automobile and were whisked to Garden Grove, boarding an electric car for Los Angeles.

They were followed by showers of rice, and one machine-load of young people followed them to Garden Grove. The bride's going-away attire was a neat blue tailored suit. As she left the house she threw her bouquet to the young lady guests. Miss Helen Craemer was the favored one who caught it. The wedding was featured by a most beautiful collection of costly and handsome wedding gifts, which will grace their pretty new bungalow on North Grand street. Guests were present from Santa Ana, Placentia, Los Angeles, Ontario and other points.

The bride is a daughter of Mr. and Mrs. M. O. Ainsworth, and is popular in a wide circle of friends. The groom is a well known young druggist who has been connected with the Mission Pharmacy for several years. Numerous friends join in wishing them success and happiness in their wedded life.

J. R. Kenyon and family are moving from North Cypress street to the McCarthy residence at 531 East Chapman avenue.

Alvin and F. Fiss and wife have returned from an extended visit through the East. They have moved into their home on South Shaffer street, which they purchased just before they left.

Mr. and Mrs. Norman Case, of Highland, Kansas, are guests at the A. G. Parsons home on South Grand street. They will also visit the T. M. Shadel family on North Orange street.

They are very much impressed with California, and may locate here. W. C. Hargrove of Colton is here on a business trip.

Reverend August Huelster was born in Westphalia, Germany, in the year 1857. In his early youth his parents emigrated to America, and after traveling briefly in New York removed to the state of Wisconsin. At the age of eighteen he felt the call to the ministry, and applied for license. He was accordingly assigned to do pioneer work in the then wilderness of Wisconsin. Then, for 53 years he labored unremittently as a pastor. He endured many hardships and privations, often being compelled to ford streams and travel great distances through the wilderness. He was twice elected Presiding Elder and was delegate to the General Conference of his church.

As a preacher of the Gospel Rev. Huelster was very successful. He was certain of his own salvation, and this gave him great freedom in preaching. This, with his kind disposition and winning ways won him access to many persons, and his name was known wherever his church was represented. Five years ago ill health and old age compelled him to retire from the active ministry, but even though not in the active service he was always ready to preach or serve in any capacity in which he could be of service. Three years ago he and his wife came to Santa Ana and in a comparatively short time he had made a host of friends. The pastor of the church being away, he agreed to supply his pulpit, but the Omnipotent, willed otherwise.

Death came gently on the evening of the 26th of September, and took the weary pilgrim and faithful servant home to his reward. Funeral services were held at the Evangelical church Monday afternoon, with the Rev. P. Cordes of Los Angeles in charge. Many friends from near and far had gathered to pay their last tribute to the departed, and the beautiful floral offerings testified to the esteem in which the departed was held. Rev. Cordes preached on the words of Matthew 25:21, after which Rev. F. Bonith of Fillmore, a life-long friend of the departed, spoke feelingly upon his life and character. Thereupon Rev. S. E. Hilgendorf of Los Angeles preached upon the text found in Daniel 12:3.

Besides the above, the following pastors were present and acted as pall bearers: Revs. H. Sassman of San Bernardino; Wm. Mengedoth of Ontario; J. Aschenbrenner of Canby, A. H. Zahl of Anaheim, H. Loewen of Los Angeles, and W. Passer of Santa Ana. Revs. C. Gruen of Los Angeles and H. Cordes of Upland also took part in the services. The Ministerial association of this city was present in a body, and Rev. Stevenson and Inwood took part in the services. A quartette composed of Mrs. Hofer, Miss Schildmeyer and Messrs. Holzgrae and Marquardt sang some of the favorite songs of the departed.

JAW IS BROKEN OVER DEAD DUCK

Hunter Hit One Man With Gun,
Poked Another in
Stomach

NOT SETTLED YET WHO KILLED BIRD

Mexican Who Shot Up a Dance
at Placentia is Held
to Answer

It was at lover one dead duck, Hatfield of West Anaheim says he killed it. James Bryant of Los Angeles says his gun brought it down.

Bryant clubbed Hatfield in the mouth with his shotgun, and Hatfield went down beside the duck with his jaw broken and a number of his teeth knocked out.

C. M. Fender rushed to Hatfield's aid, and Bryant turned upon him, shoved the end of the shotgun into Fender's stomach and told him to back up and get out or be killed. Fender got out.

In brief, the above is a statement of what occurred yesterday morning in the marshes near Sunset Beach, where dozens of hunters were out after ducks. Hatfield of West Anaheim and Fender of Buena Park were in the same party. Bryant was hunting alone.

A duck came along. Both Bryant and Hatfield fired at it. It fell near Hatfield, and he got it. Bryant rushed up and demanded the duck, saying he had killed it. Hatfield disputed that statement, and in an instant the two hunters were exceedingly angry. Bryant ended the argument by knocking Hatfield down with the shotgun. The blow struck Hatfield across the nose and upper lip, and broke the upper jaw-bone clear across the front.

Fender thought that Bryant was going to administer further punishment, and he ran up to give aid. He was met by Bryant, who shoved the end of the shotgun against Fender's abdomen and ordered him back.

Bryant went away and continued hunting. Hatfield was taken to the Anaheim Sanitarium. City Marshal Vincent of Huntington Beach was notified, and he put Bryant under arrest on a charge of battery. Justice Shirley ordered Bryant fined \$100.

This morning Fender told the story of the attack in the district attorney's office, and it was concluded that Bryant had not been dealt with in accordance with the offense. Fender then swore to a complaint charging Bryant with an assault upon him with a deadly weapon. Bryant had not yet raised the \$100 for his fine, and was in jail at Huntington Beach. Under Sheriff Law and Constable Heard went after him, and brought him back here.

Mrs. Des Granges Not Satisfied
With the Order of the
Superior Court

Mrs. Josephine Des Granges is not satisfied with the defeat administered by three of her children, John C. and Joseph P. Des Granges and Adah P. Crall. She sued them in the superior court to quiet title to valuable ranches at Fullerton. The children proved that her interest was a life estate only. Mrs. Des Granges' attorneys, E. A. and S. E. Meserve, today gave notice of appeal to the supreme court.

Appraisers Named

J. N. Anderson of Santa Ana and S. R. Smith and W. W. Perry of Orange have been named to appraise the estate of W. N. Palmer.

For Administration

W. F. Menton has petitioned for letters of administration on the estate of Frank Villele, who died at Newport Beach leaving an estate worth \$1,000. Menton is the nominee of Mr. and Mrs. Pierre Villele for administrator. Clyde Bishop is attorney for the petitioner.

Arguing the Case

This afternoon Judge West is hearing arguments in the trial of W. E. Davis, charged with an attack upon his sister-in-law. District Attorney West is prosecuting, and Attorneys Lee A. Daniel and Stanley Reinhaus are defending.

Settling the Matter

This afternoon a \$200 bond is being arranged in the case of George Angle, former supervisor. Angle is going to pay his wife \$20 a month, and will return at once to San Francisco, where he has a responsible position. There will be no further proceedings in the case.

100,000 AMERICANS FOR CANADA

WINNIPEG, Man., Oct. 2.—Western Canada was invaded by 140,000 settlers from the United States during the season ended Tuesday, according to a statement issued by Bruce Walker, commissioner of immigration. This immigration was a slight increase over last year.

FOOTBALL TEAM IS SHOWING UP LIGHT

(By Vern Smith)

The second football practice of the season does not show the Santa Ana team in as good condition as it was last year at this time. This is probably due to the fact that several of the players are not up to weight as they should be and that some of them have been sick the last week or two. However, a few more days should see everybody in better shape as it is a little early yet to judge the future prospects of the team.

One thing is evident and that is that this squad will be much lighter than last year's team. This may be accounted for by the loss of several of the heavy men, including "Tiny" Barker and "Shorty" Smith. Although the team may be lacking in weight it is a good bet that much more speed will be shown both on the line and in the back field. This, of course, in a way will make up for the loss of weight.

Santa Ana High lost one of the best fullbacks it ever had when "Tiny" Barker left. Football circles commenced to worry and wonder who would fill his place. Now just take a hint and keep your eagle eye on "Dutch" Holzgrah. Of the several fullbacks I have seen in action there have been very few that ever hit the line like "Dutch." The chances are that he hits the line harder than "Tiny," but it is doubtful if he has the carrying power or the strength that last year's fullback possessed.

There is one thing that is very puzzling and that is the fact that Little "Spud" Morrison, the former crack quarter and halfback, is back in school but has not reported for practice as yet. The team needs Little "Spud" Morrison and with him on the field the prospects of the team would be a great deal brighter. It is expected he will be out soon.

New fall Shirt Waists, another shipment yesterday of handsome new waists. They range in price from \$1.25 to \$5.50 each. The loveliest voiles, ratines and silks. Also the new nets now so popular. Take elevator to Gilbert's Waist Department. Come today.

There is nothing that a rat will not eat. They have bitten off the legs of living birds, eaten their way through a live pig and have gnawed off the thick skin growing about the nails of elephants' feet.
